Zinc Spray 3 in 1

Zinc Spray 3 in 1 is a unique blend of corrosion inhibiting properties including silver pigment designed to match the bright metallic lustre finish of 'Hot Dip' galvanising. **Zinc Spray 3 in 1** has excellent adhesion properties and provides a tough and durable finish on steel and iron. Although primarily designed for ferrous metals, the product can be used to provide a bright silver finish on other substrates. **Zinc Spray 3 in 1** is ideal for use on its own or as top coat over **Zinc Gal**.

DIRECTIONS FOR USE

Preparation

Surface should be clean, dry and free from contaminants such as rust, oil, grease and dirt. Shake can for at least 20 seconds after the mixing ball begins to rattle. Shake the can occasionally during use.

Application

Hold can upright and spray, adjusting the nozzle to achieve the desired spray pattern.

TECHNICAL DATA

Size:	400g Aerosol
Finish:	Metallic Lustre
Colour:	Silver
Consistency:	Liquid
Coverage:	Approximately 2 sqm per can (depending on the surface)
Suitable Surfaces:	Steel, iron; timber, cardboard and cementitious materials
Drying Time:	5 minutes at 25°C
Ideal Application	
Temperature:	Between 10°C and 40°C
Zinc Content:	99% Zinc Purity and Suitable for Powdercoating

STORAGE

Store below 50°C. Do not store in direct sunlight or in vehicles under hot conditions. Protect aerosol cans against physical damage.

DISPOSAL

Aerosol should be completely emptied prior to disposal. Contents of can are under pressure. Do not puncture or incinerate even when empty. When empty, dispose of this container through an approved recycling scheme or seek advice from your local council regarding accepted disposal methods.
