## SITEF

Silicone Grease based on Teflon. High Performance White grease for slow moving bearings at high temp -60c + 280c.

### PACKAGING REFERENCE

620B7 Tin 1kg

**303**

## LOW, MEDIUM, HIGH THREAD LOCK

**MEDIUM RESISTANCE** For all pieces which are to be dismantled when required with standard tooling. Excellent against vibrations

### PACKAGING REFERENCE

303F3 Bottle 50ml

303F5 Bottle 250ml

**310**

## FIXPRESS

**VERY STRONG SEALING**

Anaerobic resins for blocking and locking rings, bearings and fittings which should not need to be disassembled.

### PACKAGING REFERENCE

310F3 Bottle 50ml

310F5 Bottle 250ml

**329**

## HYDRAULOCK

**Hydraulic and pneumatic - THREAD SEALING.**

Easily-removable single-component anaerobic adhesive for sealing caps, pipes, and threaded metal connections with small diameters.

### PACKAGING REFERENCE

329F3 Bottle 50ml

329F5 Bottle 250ml

**342**

## ORASEAL

**Non hardening sealant**

For threads and flanges sealing when submitted to very strong vibrations. Immediate sealing at low pressure.

### PACKAGING REFERENCE

342T3 Tube 100g

342B4 Tin with brush 250ml

**659**

## WSA PB

**Heavy Duty opengear grease**  
**Anti-seize EP grease** for articulations, gearings and all slidings with heavy loads

## HYDRAULIC OIL 15, 22, 32, 46, 68, 100, 150

Our hydraulic fluids include extra-long-life synthetic technologies capable of up to four times standard life, through to reliable products for less-demanding applications.

### PACKAGING REFERENCE

20LT, 205LT, 1000LT

## LITH TAC RED EP2 TRUCK & FARM GREASE

Super Red Grease protects against wear on all moving parts from shock loads and unusually high service loads. Hi-Tec Super Red Grease is recommended for chassis, universal joints and wheel bearings.

### PACKAGING REFERENCE

450gm Cartridge, 20kg, 180kg

## GEAR OIL 100, 150, 220, 320, 460, 680

Our high performance gear oils having outstanding extreme pressure characteristics and load-carrying properties, intended for use in all types of enclosed gear drives with circulation or splash lubrication systems.

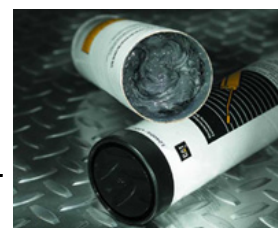

### PACKAGING REFERENCE

20LT, 205LT, 1000LT

## Moly Lithplex Tac EP2 (Grey/Black)

A superior molybdenum disulphide grease coupled with proven rust, oxidation and corrosion inhibitors. The 'Moly' and tackiness adhesive ensure long service life under high shock and heavy loads.

### PACKAGING REFERENCE

450gm Cartridge, 20kg, 180kg

## SOLUBLE CUTTING OIL

Cimtech synthetic products improve both machining and grinding applications without using mineral oil. Through pioneering research and development, as well as extensive testing, Cimtech products were designed to provide clean, low foaming, synthetic metal-working fluids.

### PACKAGING REFERENCE

20LT, 205LT

## WSA MARINE GREASE

Lith Tac Blue Grease possesses superior lubrication characteristics. It is recommended for bearing lubrication from normal to unusually severe load service conditions. Resistant to water and moisture, ideal marine application.

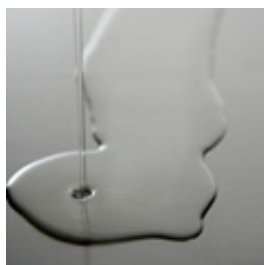

### PACKAGING REFERENCE

12 Pack Cartridge 450gm

## SILICONE OIL ISO 100, 350

Silicone Oil - Food Grade (47V100 & 47V350)  
Many uses.... Mould releases for plastics and castings, as additives in paints, for water repelling treatment of materials in powder form.

### PACKAGING REFERENCE
